### Statement of customer demands and needs

Please consider the following questions in order to decide whether ARAG Motor Legal Protection Plus meets your demands and needs.

Would you like to be able to access free personal legal advice and counselling by telephone?

If you are involved in a motor accident (or other event that causes damage to your vehicle) which was not your fault, you may suffer losses that your motor insurance policy will not cover you for. Examples of the losses that we can recover for you are:

- your policy excess if you have comprehensive motor insurance
- the cost of vehicle repairs if you have third party fire & theft motor insurance
- compensation for pain and suffering and loss of wages if you and/or your passengers are injured
- expenses you incur for alternative transport while your vehicle is being repaired or alternatively we can arrange to supply a replacement vehicle for you to drive

Would you like us to claim against the party responsible for the accident to claim back these losses and, if it's necessary to take legal action, would you like to be protected against legal costs?

Would you like to be protected against legal or other expert costs that could arise from the events described below?

- a dispute about buying, selling, hiring or insuring a motor vehicle or its spare parts or accessories or the service, repair or testing of a motor vehicle
- a motoring prosecution.
